Your Project Reference

Installation Country (for this project)

Please confirm if there is any known bacteria, mould, viruses or spores that you wish to treat with UV

What is the footprint size available for a UV tunnel system

What minimum conveyor width and length (l x w) required?

Do you prefer a plastic or stainless steel belt?

Which items will pass through the tunnel?

What are the dimensions of the items?

Will the items be wet, dry or damp?

Is the process 'clean' or are there environmental considerations?

What is the desired conveyor speed?

Do you have a desired UV dosage? (J/m²)

Do you require UV radiation from top, sides and underneath?

Please provide any additional comments that will help us to fully understand your requirements

Thank you for completing the form. Please send this back to either to the salesperson you have initially been in contact with, or to info@uv-technik.co.uk.
